

01 · 进入学生，创建链接

登录 Admin 后台 → Students → 点击学生姓名 → Billing → Create payment link。

选学生 → 创建链接 → 学生付款 → 确认可用课时 → 排课

2026-09-21 版。截图复用当前后台组件，外框为演示布局；学生、金额和课时均为示例。后台尚未登录，非线上操作实录。排课使用预先准备的已付款课时，不是新建未付款账单产生的课时。

02 · 填总金额和课程次数

选 Course purchase；填写 Total to collect (USD) 和各课程次数，不购买的课程保留 0，点击 Review payment details。

图中示例：共 \$300，含 6 次 Group + 3 次 Solo（30 分钟）；不是学校报价。

Payment type

Course purchase

Total and included lessons

Total to collect (USD)

300

Enter the total and lesson counts. Leave unused courses at 0.

Group Class · 60 minutes 6

Duet Class · 60 minutes 0

Solo Class · 30 minutes 3

Solo Class · 60 minutes 0

► More options

Review payment details

营队、活动等不含课时的费用选 Other fees。截止日期在 More options 中选填。

03 · 核对，再创建

核对 学生、课程、次数、总金额 → 勾选确认 → Create payment link。有错点 Back to edit。

For Preview Student

Group Class · 60 minutes

6 lessons included

Solo Class · 30 minutes

3 lessons included

Total

\$300.00 USD

Lesson dates are arranged separately. The payment details and total cannot be changed after creation. Creating a request does not charge the student.

☒ I checked the student, items, and total.

Back to edit

Create payment link

No payment requests yet.

Create a payment link to request this student's course fees.

Schedule

创建后金额与明细不能直接修改；创建链接本身不会扣款，也不会自动排课。

04 · 复制或发送链接

点 Copy payment link，看到 Link copied 后粘贴给该学生；或点 Send payment email 发至该账号已验证的邮箱。

学生须登录账单所属账号付款。回到学生页可展开已有账单，再找分享按钮。若显示 Online payment is not available yet，需先由负责人确认线上收款配置。

05 · 确认课时，选择日期

付款确认后，在 Schedule → Course balances 查看 available。有可用课时后，点日历日期 → Schedule a lesson。

Sun	Mon	Tue	Wed	Thu	Fri	Sat
		1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30			

● Appointments

■ Selected day

Sep 23, 2026

Schedule a lesson

No appointments for this student on this day.

► Course balances

所有时间均为纽约时间，24 小时制。没有可用课时，就不会显示新增排课按钮。

06 · 选课程、时间，保存

选 Course → 确认日期（Change date 可修改）→ 选 Hour / Minute → Save lesson。

The screenshot shows a 'Schedule a lesson' modal window. At the top, it says 'New York time · 24-hour'. Below this is a 'Course' dropdown menu currently showing 'Group Class · 60 min · 6 available'. The 'Date' is set to 'Sep 23, 2026' with a 'Change date' button next to it. The 'Start time (24-hour)' section has two dropdowns for 'Hour' (set to 16) and 'Minute' (set to 30). Below these, the 'End time · automatic' is shown as '17:30' in a dashed box. The duration is '60 minutes · Uses 1 credit · 6 available'. At the bottom are two buttons: 'Save lesson' (in a purple box) and 'Close' (in a white box with a grey border).

结束时间自动计算；每次保存安排 1 节课，占用 1 次课时。多节课逐次安排；有时间冲突提示时先调整日期或时间。

07 · 查看排课结果与余额

保存后点 Done，确认当天出现课程卡片；展开 Course balances 查看剩余次数。

available = 可继续排课 | scheduled = 已安排 | completed = 已上完。图中 Group 从 6 次可用变为 5 次可用、1 次已安排。

08 · 改期

课程卡片点 Reschedule → 修改日期或开始时间 → Save new time。仍使用原来预留的那 1 次课时。

The image shows a 'Reschedule lesson' modal form. It contains the following fields and controls:

- Title:** Reschedule lesson (with a close button 'X')
- Location:** New York time · 24-hour
- Class Details:** Group Class · 60 minutes · Sep 23, 2026 · 16:30—17:30
- Date:** Sep 23, 2026 (with a 'Change date' button)
- Start time (24-hour):**
 - Hour:** 16 (dropdown menu)
 - Minute:** 30 (dropdown menu)
- End time:** automatic
- End time display:** 17:30 (in a dashed border box)
- Duration/Note:** 60 minutes · Keeps the existing credit reservation
- Buttons:** 'Save new time' (purple) and 'Close' (white)

09 · 取消课程

课程卡片点 Cancel lesson → 填 Cancellation reason → Confirm cancellation。该节课预留的课时会释放；取消课程不等于退款。

课程结束后，符合条件的 Academy 课程卡片会出现 Mark completed，核实已上课再标记。Cal.com 预约需通过对应 Cal.com 流程管理。
